Esan Global Bio is

Esan means two mountains. One mountain means customers, and the other mountain means Isan. As two mountain meet each other to make mountains, we will keep customer trust with unchanging quality.

Esan Global Bio has been making Yuzu products with honesty for 50 years. Now, we handle whole process from Yuzu cultivation, production to sales with our Yuzu farm, refrigeration facility, and processing factory.

We also export safe Yuzu products passing the annual test on 320 pesticide residues to various countries including France, the UK, Germany, China, etc.

Esan Global Bio Spreading Globally

We set overseas branches in France, UK, Germany, and China and are steadily performing trade, R&D, and product development with 12 buyers in 8 countries. Acquired the organic processing certification of Yuzu products by ECOCERT in France and the international food management certification of FSSC22000, we have certifications needed for the overseas market. We are playing the bridgehead role in advertising good Korean produce to the world by exporting Yuzu, which is one of the products becoming old, through Esan Global Bio's own marketing strategy.

■ Certificates and Patents

Esan Global Bio is striving to spread a safe and healthy K-food culture to people worldwide by acquiring the acquiring the ECOCERT, USDA, Organic Mark. Esan Global Bio is striving to spread a safe and healthy K-food culture to people worldwide by acquiring the acquiring the ECOCERT, USDA, Organic Mark.

Hero of the Immunity YUZU

Yuzu, the fruit having vitamin C 3 times more than a lemon

As Yuzu have vitamin C 3 times more than a lemon, they are great for improving immunity and preventing a cold in particular. Yuzu are also good for skin care and have a lot of the organic acid preventing fatigue.

Cold Prevention and Treatment

The Yuzu is good for cold prevention and treatment with a lot of vitamin C and citric acid. It also effects on sweating, fever reduction, anti-inflammation, and an antitussive and relieves a cough.

Stroke Prevention

It supports to prevent a cerebrovascular lesion and stabilizing blood pressure so that it is very helpful to stroke prevention.

Fatigue Recovery, Robustness, and Hangover Removal

It is helpful to the robustness of reducing stress and fatigue. The abundant vitamin C within the Yuzu removes hangover after drinking.

Hypertension Prevention and Treatment

It helps to prevent hypertension and is good for neuralgia by strengthening capillaries and promoting blood circulation.

Calcium Supply and Constipation Relief

The calcium in the Yuzu is also much higher than other fruits. It supports the frame creation of a growing child and the osteoporosis prevention of an adult. Peel is also edible, and good for constipation prevention due to a lot of cellulose. It helps to prevent hypertension and is good for neuralgia by strengthening capillaries and promoting blood circulation.

Sweet and Sour Yuzu Tea

Esan Global Yuzu Syrup is a high-quality Yuzu syrup. It is produced by marinating organic Yuzu in organic sugar to provide healthy sweetness. It can be turned into warm Yuzu tea in winter and cold Yuzu ade with sparkling water in summer. It can also be used as a dressing that adds flavor to salads
